The True Bedmakers

THE  
BRITISH LUXURY  
COLLECTION

HANDCRAFTED IN  
GREAT BRITAIN

# Cut from a *different* cloth

THIS IS OUR TYPICALLY BRITISH WAY OF SAYING OUR BEDS ARE PROUDLY DIFFERENT. HANDMADE BY US, OUR WAY - THE RIGHT WAY.

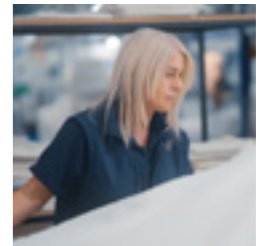

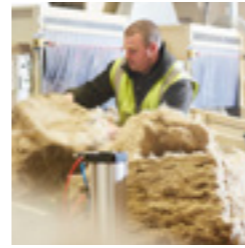

From designing our own world-leading spring systems, growing our own fillings on our farm in Yorkshire, England, even weaving our fabric ourselves. Making the very best luxury beds in the most responsible way is our passion.

Take a look at our British Luxury Collection and see for yourself.

# Take comfort in the *best* of British

The British Luxury Collection is born out of our passion for making the very best beds, in the very best way. For us, that means controlling everything that goes into them.

SENSA  
INTELLIGENT SPRING SYSTEM

## Our ground-breaking Sensa Intelligent spring core

We developed the first ever glue-free, 100% recyclable pocket spring core to provide truly independent deep down support.

## The finest, lightest springs in the world

Ultra responsive springs with excellent airflow our award-winning HD Micro spring layers replace the need for foam. Designed and made by us, they can also be fully recycled.

## Homegrown hemp and flax

We are the only British bed maker to grow our own natural fillings. We produce our own hemp and flax on our farm. Processing these amazing fibres ourselves to create luxurious and breathable fillings.

## 100% traceable British wool

Working with the British Wool Board, we were the first British bedmaker to use only 100% traceable British wool. Including rare breeds such as Herdwick wool for extra comfort.

## Home-woven fabrics

Unlike other bed makers, we weave our own naturally FR chemical treatment-free fabrics right in the traditional heartland of the British textiles industry.

## Expertly made, just for you

All these elements are expertly brought together by our team of master bedmakers in our Yorkshire factory. Combining years of bed-making knowledge, with 21st-century innovations they create beds worthy of the British Luxury Collection badge.

## THE STORY OF EVERY BED STARTED IN 1840.

A five-generation family business, we have been making beds for over 180 years. And from day one, we've never stopped innovating.

### Sensa Intelligent spring core

Our award-winning core spring technology. Developed by us, this glue-free core combines comfort, deep down support and can be fully recycled too.

## Luxuriously *breathable* by design

FOR US HEALTHY AND COMFORTABLE SLEEP IS THE BIGGEST LUXURY.

IT'S WHY ALL OUR BEDS ARE NATURALLY BREATHABLE. DESIGNED AND HANDCRAFTED TO BE GLUE-FREE, FOAM-FREE AND FR CHEMICAL TREATMENT-FREE.

### **It starts with a healthy and natural sleep surface.**

The wool-rich, FR chemical treatment-free Fabrisafe™ mattress fabric creates the first layer of breathability. Woven by us to make the most out of the natural heat and moisture regulating properties of wool.

### **Luxurious and breathable layers of comfort.**

To promote natural airflow we use nature's finest temperature regulators - our homegrown hemp and flax fibres, combined with wool, silk, cashmere and cotton. Carefully chosen not only for their sumptuous, but their breathable, moisture-absorbing and temperature-regulating properties too.

### **Enhanced airflow at the heart of the mattress.**

Layers of HD Micro springs replace the need for foam and our exclusive Sensa Intelligent spring core allows the air to flow freely through the natural filling layers. Our HD Micro springs are wrapped in our glue-free bamboo fabric pockets, so healthy fresh air can flow into the deepest parts of the mattress.

# THE BRITISH LUXURY COLLECTION

EXPLORE THE THREE UNIQUE RANGES IN THIS  
COLLECTION OF HANDMADE BEDS.

## STYLE

The true classic in British luxury, these models are turn-free and feature our unique award-winning spring systems and sumptuous layers of natural fillings to offer amazing all-night support.

## LUXURY

These mattresses have been created using the finest natural fillings and HD bamboo Micro spring layers. They even include our signature pillow top options which cradle the sleeper in luxurious comfort.
